

Banco "Combinaison"

Combinaison (Combination) is an easier and faster way to play several selections at once. It is only possible to play at Banco Combinaison at a retailer with a selection slip. The Combinaison slip provides the opportunity to win several prizes simultaneously.

This slip may be used to play 3, 4, 5, 6 or 7 numbers. You can choose your numbers or opt for Quick Pick. For each « NOMBRE DE NUMÉROS CHOISIS » (quantity of numbers chosen), you must specify the « TYPE DE MISE » (type of wager) that you want to play. The computer will automatically generate all the possible selections corresponding to these two variables combined.

Turbo option: To participate, mark the Turbo box and double the amount of your wager (see the Banco section for details).

It is possible to participate in up to 7 consecutive draws with the same selection slip.

Extra is available with the Banco Combinaison slip.

The number of selections obtained, according to the quantity of numbers chosen and the type of wager, is as follows:

Quantity of winning numbers chosen	TYPE OF WAGER					
	Wager 2	Wager 3	Wager 4	Wager 5	Wager 6	Wager 7
